

Resident + Stakeholder Letter of Support

Project Connect Neighborhood Plan

Jeff-Vander-Lou, Hyde Park, Old North, St. Louis Place, Carr Square, Columbus Square

Date_____

To Whom It May Concern,

As a resident and stakeholder of Jeff-Vander-Lou, Hyde Park, Old North, St. Louis Place, Carr Square or Columbus Square, I am proud to offer my support for the **Project Connect: OurPlan**. This plan reflects the voices, hopes, and experiences of the people who live here, care for these blocks, raise families in these homes, run businesses on these corridors, and work every day to strengthen our community.

Throughout this planning process, neighbors came together to share ideas, walk the streets, talk about what we value, and name what must change. We discussed the future of our homes, our historic institutions, our parks, our schools, and our businesses. I support this plan because it:

- Focuses on rebuilding and strengthening the neighborhoods from the inside out.
- Lifts up community history, leadership, culture, and identity.
- Provides strategies to improve housing, support small businesses, and create safer, more walkable streets.
- Offers a clear path to bring partners, resources, and investments together in ways that benefit current residents.
- Helps guide near-term recovery efforts and long-term growth.

This plan honors the stories and strengths of the people who live here. It gives us a shared vision and clear steps to move toward a future where our neighborhoods are stable, thriving, and full of opportunity for the next generation.

I respectfully urge its adoption.

Sincerely,
